

Asbestos & Demolition Service Providers

A Message from the Spokane Regional Clean Air Agency

Spokane Clean Air receives frequent requests for names of companies that conduct asbestos surveys, abatement/removal, training and demolition work. Below are companies that have

requested to be on this list, which is not an endorsement by Spokane Clean Air. **It up to you to research a company's credentials prior to hiring them.**

Asbestos & Demolition Service Providers

Companies that provide removal services must be certified with L&I: <http://lni.wa.gov/Safety/Topics/AtoZ/Asbestos/contractorlist.asp>

Below is a list of accredited labs that analyze materials for asbestos and a list of companies that sell products used for asbestos and disposal (protective clothing, disposal bags, tape, warning signage, etc.)

Research a company's credentials prior to hiring them.

The Washington State Department of Labor and Industries has a search tool for looking up registered (i.e., bonded and insured) contractors at <http://lni.wa.gov/TradesLicensing/Contractors/HireCon/>

If you are hiring someone to perform an asbestos survey and/or remove asbestos, be sure to read *Need an Asbestos*

Survey? and *Need Asbestos Removed?* fact sheets available at www.SpokaneCleanAir.org under asbestos, publications.

A searchable database of violation/penalty histories is available at www.SpokaneCleanAir.org; click on "About Us" then select "Fines Collected for Violations."

In general, be wary of inspectors or contractors who:

- ◆ Offer a special price only if you sign today or use other high pressure sales techniques
- ◆ Accept only cash and/or require large deposits
- ◆ Don't provide a written estimate or provide an estimate that is incomplete
- ◆ Want to do most of their work on weekends, after-hours
- ◆ Give you an offer that sounds too good to be true

Accredited* laboratories in Washington state that conduct asbestos analysis

Lab/Cor, Inc. 7619 6th - Avenue NW Seattle, WA 98117 www.labcor.net 206-781-0155 / Fax 206-789-8424	Mountain Laboratories, 9922 E.
