

1. The Authority shall review the Emission Reduction and Control Plan submitted pursuant to Section 6.15.C. of this Regulation and within 60 days after approval by the Authority, the applicable governmental entity shall implement the plan.
 2. The Authority shall review the Emission Reduction Contingency Plan submitted pursuant to Section 6.15.D of this Regulation and upon approval by the Authority and within 60 days after the EPA makes the findings in Section 6.15.G of this Regulation, the applicable governmental entity shall implement the plan.
 3. If the Authority finds that a plan will not achieve the required reductions, then the applicable governmental entity shall revise the plan to achieve the required reductions and resubmit the plan for review by the Authority.
- G. Findings by EPA. In the event the EPA determines that the Spokane PM10 Nonattainment Area has failed to make Reasonable Further Progress or has failed to timely attain a National Ambient Air Quality Standard for PM10 or has violated a National Ambient Air Quality Standard for PM10 after redesignation as an attainment area, and emissions from unpaved roads are determined by the EPA, in consultation with Ecology and the Authority, to be a contributing factor to such failure or violation, the applicable governmental entities shall comply with the requirements of Section 6.15.F.2 of this Regulation.
- H. Reporting. Within 6 months after the effective date of Section 6.15 of this Regulation, and annually thereafter as determined by the Authority, each applicable governmental entity shall submit a written report to the Authority which demonstrates compliance with the Emission Reduction and Control Plans and the Emission Reduction Contingency Plans.
- I. Failure to comply. Failure to comply with Section 6.15 of this Regulation will subject affected entities to penalties as provided in Article II of this Regulation.
