

# 2019-21 Wood Stove Change-out Program APPLICATION FORM

Submit w/ photo to Spokane Regional Clean Air Agency, 3104 E. Augusta Ave., Spokane, WA 99207  
Email option: woodstoves@spokanecleanair.org

Spokane Clean Air is offering a discount off the purchase and installation of a new wood, pellet or gas stove or insert, or ductless “mini-split-system” heat pump, when your old wood stove or wood insert is changed-out. Discount vouchers will be distributed on a first-come, first-served basis to pre-approved applicants.

To qualify, you must use a non-EPA certified wood stove or a wood stove made prior to 2000 (free standing stove or stove made to be inserted into firebox) and reside within the Spokane County. Funding is limited and not guaranteed unless a voucher has been issued by Spokane Clean Air. Vouchers are redeemable only at participating retailers for a discount off the purchase and professional installation of the new device. **Note:** If you have an existing fireplace insert, it must be replaced with an insert; an insert cannot be changed out to a freestanding stove or heat pump.

Complete all sections of this application and include a photo of your device. Retain a copy for your records. Spokane Clean Air is not responsible for materials lost in the mail or email. Complete applications are processed in the order received.

**Note:** Purchase and installation costs vary depending on the device, starting about \$3,000 and up. If you are on a low income, you might qualified for an income-based program. **For information, call 477-4727 x 115.**

## Available discounts off the purchase & installation of a new device from a participating retailer:

- \$700 to change out to a new wood stove or insert
- \$1,250 to change out to a new gas stove or insert
