2018-19 Wood Stove Change-out Program APPLICATION FORM

Submit to Spokane Regional Clean Air Agency, 3104 E. Augusta Ave., Spokane, WA 99207
Email option: woodstoves@spokanecleanair.org

Spokane Clean Air is offering a discount off the purchase and installation of a new wood, pellet or gas stove or insert, or ductless "mini-split-system" heat pump, when your old wood stove or insert is changed-out. Discount vouchers will be distributed on a first-come, first-served basis to qualified homeowners.

To qualify, you must use a non-EPA certified or pre-1995 device (free standing stove or stove insert) and reside within the Spokane County Smoke Control Zone (map on flyer) or within the city limits of Deer Park, WA. Funding is limited and not guaranteed unless a voucher has been issued by Spokane Clean Air. Vouchers are redeemable only at participating retailers for a discount off of the purchase and professional installation of the new device. **Note:** If you have an existing fireplace insert, it must be replaced with an insert; an insert cannot be changed out to a freestanding stove or heat pump.

Complete all sections of this application and include a photo of your device. Retain a copy for your records. Spokane Clean Air is not responsible for materials lost in the mail or email. Complete applications are processed in the order received.

Note: Purchase and installation costs vary depending on the device, starting about $2,500 and up. If you are on a low income, you might qualified for an income-based program. **For information, call 477-4727 x 115.**

Available discounts off the purchase & installation of a new device from a participating retailer:

- $500 to change out to a new wood stove or insert
- $750 to change out to a new pellet stove or insert
- $1,000 to change out to a new gas stove or insert
- $1,000 to change out to a new ductless, "mini-split" heat pump
