COVID-19 safety barriers have been installed to aid with social distancing measures including plexiglass and curtains.
   We will continue with the hiring process for an Admin Assistant now that safety barriers are in place.

4. **Update on recruitment for a new Executive Director**
   There have been several conversations with the recruiter working on filling the executive director position and the dates need to be confirmed for the session to review the semifinalists and to design the final interview. The review and design will be conducted in
executive session due to confidentiality and it will be conducted remotely, because it will still be while we are under the most recent open public meetings proclamation prohibiting meetings. The recruiter will not be able to facilitate the discussion and control the technology at the same time, so Michelle Fossum, legal counsel, could set up and manage the technology if that is what the Board would like. The Board agreed to have Michelle Fossum set up and manage the technology portion. The date for the interviews needs to be set-up. The Board would like to handle interviews with 45 minutes for the interviews and 15 minutes for discussion between the Board. The Board would like to meet the finalists in person before offering the job position. The new Executive Director will probably around October 1, 2020. Julie will stay on and work remotely until then.
