INSTRUCTIONS - Asbestos Waste Shipment Record Form

Waste Generator Section (1-9)

1. Enter the name of the facility at which asbestos waste is generated and the address where the facility is located. In the appropriate spaces, also enter the name of the owner of the facility and the owner's phone number.
2. If a demolition or renovation, enter the name and address of the company and authorized agent responsible for performing the asbestos removal. In the appropriate spaces, also enter the phone number of the operator.
3. Enter the name, address and physical site location of the waste disposal site (WDS) that will be receiving the asbestos materials. In the appropriate spaces, also enter the phone number of the WDS. Enter "on-site" if the waste will be disposed of on the generator's property.
4. Provide the name and address of the local, State or EPA regional office responsible for administering the asbestos NESHEP program. (already filled in for projects in Spokane County: Spokane Regional Clean Air Agency)
5. Indicate the types of asbestos waste materials generated. If from a demolition or renovation, indicate the amount of asbestos that is: Friable asbestos material and Nonfriable asbestos material
6. Enter the number of containers used to transport the asbestos materials listed in item 5. Also enter one of the following container codes used in transporting each type of asbestos material (specify other type(s) of containers used if not listed:
DM - Metal drums, barrels DP - Plastic drums, barrels BA - 6mil plastic bags or wrapping
7. Enter the quantities of each type of asbestos material removed in cubic yards.
8. Use this space to indicate special transportation, treatment, storage or disposal or Bill of Lading information. If alternate waste disposal site is designed, note it here. Emergency responses telephone numbers of similar information may be included here.
9. The authorized agent of the waste generator must read and then sign and date this certification. The date is the date of receipt by transporter.

NOTE: The waste generator must retain a copy of this form.

Transporter Section (Items 10 & 11)

10. & 11. Enter name, address and telephone number of each transporter used and transfer station, if applicable. Print or type the full name and title of person accepting responsibility and acknowledging receipt of materials as listed on this waste shipment & record for transport. Enter date of receipt and signature.

Waste Disposal Site (WDS) Section (Items 12 & 13)

12. The authorized representative of the WDS must note in this space any discrepancy between waste described on the manifest and waste actually received as well as any improperly enclosed or contained waste any rejected materials should be listed and destination of those materials provided. A site that converts asbestos containing waste material to non-asbestos material is considered a WDS.
13. The signature (by hand) of the authorized WDS agent indicates acceptance and agreement with statements on this manifest except as noted in item 12. The date is the date of signature and receipt of shipment.

NOTE: The WDS must retain a completed copy of this form. The WDS must also send a completed copy to the operator/waste generator, listed in item 2.
